

EAST END INDEPENDENTS HACKNEY EDITION

A map of small businesses for those who seek quality, distinctiveness and character

This map is a celebration of the diversity of small independent businesses that continue to give the East End its famous character. All businesses within this guide are members of the East End Trades Guild. A diverse alliance of small, independent businesses, working together in solidarity to wield influence on common interests, supporting neighbourhoods that are increasingly left out of the wealth of East London, enhancing economic resilience through bridging relationships, and cultivating community wealth.
